ASSISTANT/ASSOCIATE PROFESSOR
ENVIRONMENTAL POLICY
Michigan State University

The Environmental Science & Policy Program (ESPP) at Michigan State University seeks two tenure-system faculty in the area of environmental policy. We are looking for dynamic researchers who are comfortable with interdisciplinary work. We have a special interest in risk as an organizing concept in policy for at least one of these positions. Substantive areas of interest should complement MSU's environmental strengths (see http://environment.msu.edu/). Some preference will be given to applicants with international experience and skills in languages other than English. Ph.D. or equivalent is required at the time of the appointment.

The positions are academic-year appointments at the rank of Assistant Professor although in some cases a more senior appointment would be considered. The initial appointment would be joint between ESPP and a tenure-granting department or school. The positions will be structured to allow development of a significant research program, and the faculty are expected to develop nationally and internationally renowned research programs with extramural support.

Questions can be e-mailed to the Search Committee at esppsrch@msu.edu. Letters of application should be accompanied by a curriculum vitae, short statement of professional goals, and writing sample. Three letters of reference should also be arranged and mailed separately.

Applications will be reviewed starting on February 24, 2005, and will be accepted until suitable candidates are found. Applications and letters of reference can be mailed to:

Jack Liu and Saundra Schneider, Co-Chairs
ESPP Search Committee
Environmental Science & Policy Program
Michigan State University
274 Giltner Hall
East Lansing, MI 48824-1101

Women and minorities are encouraged to apply. MSU is an Affirmative Action/Equal Opportunity Institution.
