ESPP Research Colloquia Series Spring 2017

Social, Political and Scientific Challenges of the Zika Outbreak

ESPP Research Colloquia Series presents a roundtable discussion on the Zika virus. Panelists include:

- Dr. Joseph Messina, Professor of Geography
- Dr. Steven Bursian, Professor of Animal Science
- Dr. Michael Kaufman, Associate Professor of Entomology

Organized by Nick Skaff, doctoral student in Fisheries & Wildlife and ESPP

Topics include the risk of continuing Zika outbreak this coming year, whether vector control in different areas has been founded in science, health risks associated with the vector control, and public perceptions of the pathogen and control efforts.

3 p.m. Wednesday April 26, 2017

273 Giltner Hall
